January 12, 2012

Warren County Christian School 165 Mead Run Rd. Youngsville, PA 16371 814-563-4457

NO SCHOOL

There will be no school on
Monday, January 16th.

From the desk of Mrs. Brys

Dear Parents and students of WCCS,
Thank you for the cards, candy, cookies, and gifts showered on me during the Christmas season. The goodies were delicious, the Christmas bonus was an unexpected blessing, and the gifts are much enjoyed. However, many had no giver's name attached so my thank you can't be more specific, but "thank you" again.

BOX TOPS FOR EDUCATION

Keep bringing in those Box Tops. We have only one month before they are collected again. Our last fundraiser for Box Tops brought in \$372.60. Great job everyone.

PASTOR APPRECIATION DAY

We will be honoring the pastors of our students with a short program and a lunch on Wednesday January 18th. If you would be interested in helping in any way with organizing the children, preparing food, serving or cleaning up please call the office.

FAFSA COMPLETION WORKSHOP

Bring your tax returns and qualified people will help you complete the FAFSA on the spot. Monday, February 13, 6-8 pm at the Warren County Career Center. Space is limited. To Pre-register, call John Bonavita at 726-1260.

WEEKLY NEWSLETTERS

Anyone interested in receiving their newsletter by e-mail instead of sent home with your child, please contact the office with your e-mail address. This will ensure that you receive it and also save the school money for the paper copy.

2012 SCIENCE FAIR

February 22 – 24, 2012 will be the dates for our local Science Fair. Projects are to be set up on Wednesday, February 22; Open for viewing on Thursday, February 23 during school hours as well as that evening from 7pm – 8pm. Projects will be taken down on Friday, February 24. The local winners (grades 6-12) will be eligible to take their projects to the Super Activity Day which will be held at Erie First at the end of March (date to be announced). A new Student/Parent Packet is available online at www.acsi.org/KWNEstudent activities (click on Science Fair, then click on Student/Parents Handbook. If you do not have online access or have problems printing this handbook, let your teacher know and we can print off a copy of this 8 page, very well written, handbook for you. We are looking forward to another great Science Fair. Any questions can be directed to Mr. Eugene Coleman at 688-5824.

FROM THE DESK OF THE **MUSIC/LIBRARY** **DEPARTMENT**

Several families still have outstanding candy from our fundraiser. Please check with your child about where the candy is and send in the money ASAP. Each family was given 24 bars at \$1.00/bar. Thank you so much!

CHRISTMAS APPEAL

Our Christmas Appeal, while getting some response, is still far below what we had hoped for. We have been blessed this year to have a matching donation. Be sure to let friends and family members know the needs of our school. We have lost considerable monies from our EITC funding in the past and will be included in the cut again this year. Please consider what you can do to help make up this shortfall.
