

Dear Friends of WCCS,

Through Pennsylvania tax credit dollars, current and prospective families could start receiving scholarship support to attend Warren County Christian School. For many families, this scholarship support may become the means to affording a quality, faith based education for their children. How can you help?

Do you own, or have personal affiliation with, an incorporated business in Pennsylvania? If so, we have a packet of information for these businesses that will explain how their tax credit contribution will support Warren County Christian School families and students with necessary tuition assistance. Please remember, eligible businesses must be incorporated.

Earlier this month, WCCS received their first contribution toward this program. These monies will make it possible for our eligible families to continue to pursue a faith based school option for their children. This tax credit program is a win-win situation for families and businesses.

Please take a few minutes to complete the attached form and return it to the school office. Your time invested in responding to this request may make a key difference in financially providing for your own children or grandchildren. You may also contact David Clark with any leads you may have for corporations that pay Pennsylvania income tax. He can be reached at (814) 688-1602 (cell).

Thank you for partnering with our endeavor to provide an affordable Christ-centered education to the families in our area.
