

Volunteer Opportunities

In order to keep tuition costs as low as possible, it is important that every parent be actively involved in the operation of the school. Below, some of the opportunities for service have been listed. Please fill out the form and return it to the office tonight. Lists of willing hands for each job/event will be compiled for use by the event/job coordinators. You will be contacted by them when the need arises. If you have a skill in some other area of service that may be useful to the school, please list it in the 'other' section.
